- 2.9 Only one prize per client.
- 2.10 The stock voucher will be credit to the account within 7 working days at end of the subscription period.
- 2.11 A stock voucher is an electronic voucher issued by Tiger Brokers. It allows the client to trade with a subsidy that equals the value of the voucher. You need to go to [Tiger Trade App > Me > Promotions & Rewards] to collect the voucher within 20 days after issuance. Unclaimed vouchers will be automatically invalidated after the expiration date. The validity period after receipt is 30 days.
- 2.12 The mechanism of the stock voucher is pre-deducted and rebated afterwards. After the vouchers are received and the newly created order is completed, the order will be marked "Rebating", and the rebate amount will arrive at your Tiger account within 5 working days. At that time, the "To be rebated" mark on the order will be updated to "Rebated". Clients may view the rebate details via [Tiger Trade App > Trade > Order] or [Tiger Trade App > Trade > More > Statement].
- 2.13 To use the voucher, you need to complete at least one trade within 30 days after receiving the voucher. If there is no trade executed until the expiry date, the voucher will automatically expire.
- 2.14 If the notional value of the order is greater than or equal to the voucher value, the rebate amount will be the voucher value; or, if the notional value of the order is less than the voucher value, the rebate amount will be the notional value of the trade.
- 2.15 Each voucher can only be linked to one order (to avoid any delay in stock vouchers taking effect, please submit an order at least 5 minutes after activation). The stock voucher will be automatically linked to the first trading order after it takes effect. If you have two or more vouchers after one of them is used, the second voucher will automatically take effect after one hour.
- 2.16 Tiger Brokers provides stock vouchers in different currencies that can be used for trades in a variety of markets. The rebate of the voucher(s) will be issued in the corresponding currency at a fixed exchange rate according to the market you are trading in. Vouchers will be deducted in the same order as their expiration date, i.e the voucher with an earlier expiration date is used first.
- 2.17 For example, if you have a stock voucher of SGD 10, you may use it to trade U.S. stocks, Hong Kong stocks, Singapore stocks, and other markets. If your SGD 10 voucher is linked to a Hong Kong stock order and the order price is HKD 100, Tiger Brokers will use a fixed exchange rate to convert SGD 10 into equivalent HKD and send it to your Tiger account.
